CHARTERED ACCOUNTANT

usiness Manager for Delbert Kirsch Saskatchewan Party Candidate Batoche Candidate:

I have audited the return of election expenses of the Committee to Elect Delbert Kirsch for the campaign period from October 10 to November 7, 2011. This return is the responsibility of the business manager. My responsibility is to express an opinion on the return based on my audit.

Except as explained in the following paragraphs, I conducted my audit in accordance with Canadian generally accepted auditing standards. Those standards require that I plan and perform an audit to obtain reasonable assurance whether the return is free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the return. An audit also includes assessing the accounting principles used and significant estimates made by the business manager, as well as evaluating the overall return presentation.

Due to the nature of the types of transactions inherent in any election campaign, it is impracticable through auditing procedures to determine that the accounting records include all transactions for the campaign period. Accordingly, my verification of these transactions was limited to the amounts recorded in the accounting records of the business manager and candidate and I was not able to determine whether any adjustments might be necessary to those expenses.

Section 240(6) of The Election Act 1996 requires contributions from a corporation, trust fund or constituency association to be accompanied by a statement which sets out the name of and the amount contributed by, each person who contributed in excess of \$ 250 in a year and whose contribution was used to make up the contribution from the corporation, constituency association or trust fund. The statement must identify the person authorized to make the contribution and must be certified by the business manager, that the information on the statement was true and correct.

The return includes corporate contributions of \$ 14,310. There were no statements signed by the person authorized to make the corporate contribution or declaration if the corporate contribution included any individual contributions in excess of \$ 250 per year.

There were 16 cheques for expenditures that did not clear the bank account by February 29, 2012 therefore I could not examine the cancelled cheque to ensure that the details of the payment agreed to the expenditure included in the return. The total of these expenditures amounted to \$9,301.79. The outstanding cheque did agree to the cheque register.

Email: wayne@waynestorozuk.ca

Item 10 is a pre-writ expenditure for brochures. The expenditure was made by the Batoche constituency association and a portion was contributed to the candidate. There was documentation for the commercial value of \$ 798.16 with \$ 558.71 being allocated to the writ period. There is no documentation to determine whether or not the amount allocated to the writ period as an eligible expense is reasonable.

Item 13 is an expense of \$1,046.20 for signage which was claimed on the 2007 candidate's return of election expenses.

Item 14 is an expense of \$1,130.20 for lumber used in the current election for signage that was lumber from signs used in a previous election. The amount represents an estimate based on two times the amount used in the current election. The expense is an estimate with no documentation available to determine the validity of the amount on the candidate's return of election expenses for 2011.

In my opinion, except for the effect of adjustments, if any, which I have determined to be necessary had I been able to satisfy myself as to the completeness of the records as described in the preceding paragraphs, the return presents fairly, in all material respects, the financial transactions of the candidate's campaign required by Section 261 of The Election Act, 1996 to be detailed in the return of election expenses for the campaign period October 10 to November 7, 2011.
