### 2018 Periodic List of Voters for Registered Political Parties

The Periodic List of Voters has been produced from Elections Saskatchewan's Permanent Register of Voters (PRV). This updated list is available from the Elections Saskatchewan Web Portal, <https://portal.elections.sk.ca>, to those registered political parties that have signed a data sharing agreement with my office. As I indicated to you last year, the ability to provide this type of updated information to you as registered political parties is a key benefit of the PRV.

This list contains eligible voters whom our voter register update system considers to currently reside in Saskatchewan, are of voting age, and have consented at some point with either Elections Saskatchewan or Elections Canada to appear on a permanent voters list. There are also 689 voters whom have chosen to not permit Elections Saskatchewan to share their information - these individuals do not appear on this or any other voters list.

The previous complete voters list of voters that was shared with you was in early October 2017.

Since that time, Saskatchewan has conducted by-elections in Kindersley, Melfort, Swift Current, and Regina Northeast. The new list reflects changes including voter-initiated registrations and updates that occurred during these electoral events. Information from Elections Canada was also used to update voter information in these constituencies. eHealth information received up to October has been used to update voter information province-wide. The cumulative types of changes made since the October 2017 list was created are:

- Moves = 134,415
- Removals = 40,844
  - deceased = 12,850
  - moved out of province = 25,486
  - moved with no new address = 117
  - duplicates = 2,387
  - opt-out = 3
  - not qualified = 1
- Additions = 49,398
- Corrections = 13,904
