

How vote by mail works

Voting by mail is a simple, safe, and secure alternative to voting in person. Here's how it works:

- 1 Apply online or by calling Elections Saskatchewan prior to the deadline. Voters must provide a copy of their ID with their application.

- 2 Once accepted, Elections Saskatchewan will mail you a ballot kit containing a ballot, envelopes, and an instruction sheet. Mailing will begin in early October.

- 3 Follow the instructions carefully!

- 4 Return your ballot by mailing your completed kit back to Elections Saskatchewan by 8 p.m. CST on the last day of voting, October 28, 2024, but don't wait until the last minute!
