

Congratulations on becoming a Canadian citizen!

There are many perks to being Canadian. We enjoy peace, beautiful natural scenery, and some of the most welcoming citizens on the planet. There are also some responsibilities that come with being Canadian. One such responsibility is the right and privilege to vote.

We encourage everyone of legal voting age (18) to vote in elections at all three levels of government.

Municipal governments operate at the city/town level and make decisions on services such as property tax, garbage collection, water and libraries. The next municipal elections are in 2020.

The **provincial government** makes decisions on services such as health care, education, highways and driver licensing. Elections Saskatchewan organizes provincial elections, and the next one is in 2020. Call 1-877-958-8683 to register to vote in the next provincial election.

The **federal government** makes decisions that impact all Canadians including national defence, income tax, airports and passports. The next federal election is in 2019.
